Explanatory Note.

The Government sanctioned the following temporary staff in the Public Works Department from the date of employment up to 31st March 1941 (inclusive) in order to cope with the general increase of work in that department:—

- One Superintendent,
- One upper division clerk,
- One lower division clerk.

The estimated cost of this establishment is Rs. 8,187 per annum, and the cost in the current year is being met from the sanctioned allotment. As the expenditure is on a new service a broken item of Rs. 100 has been included in the supplementary estimate.

Explanatory Note.

The AD-India Police informed this Government that the provision of Bariat was necessary for the re-treatment of news through community resources notified by the Government in the villages and municipalities of the Province. The permission of

Reaters was sought for, but they demanded a fee of Rs. 5,000 per annum on the ground that redrafts of news amounted to an infringement of their copyright. The amount was ultimately fixed at Rs. 2,000 per annum, the newspapers being left to make their own arrangement with Reuters.

As the expenditure is on a new service and as the Government have committed themselves to the expenditure through the payment will actually be made in 1941-1942, a token sum of Rs. 100 has been included in the supplementary estimate.

Explanatory Note.

The Hon'ble the Judges recommended the appointment of an Additional Subordinate Judge to the Subordinate Judge's Court, Coimbatore, with the usual establishment of three clerks and three peons, for a period of nine months, with effect from the date of re-opening of the court after its summer recess in 1940. It is stated that the arrears in the superior courts in the district are more than the existing staff of judges can deal with, and that these arrears are not due to bad disposal but to abnormal arrears and appellate work. The Hon'ble the Judges consider that it is not desirable to let the work in such a heavy district as Coimbatore and the Nilgiris get out of hand. The Government have accepted the recommendation and have issued orders accordingly. The proposal involves an extra expenditure of Rs. 5,100. Funds are available in the current year's budget to meet the cost. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate.

2. The Hon'ble the Judges recommended that, in view of the large pendency under original suits in the S.C. of the District Munsif, Coimbatore, an additional District Munsif with the usual establishment of three clerks and three peons might be appointed in the court from the date of re-opening of the court after the summer recess in 1941, i.e., for nearly 18 months. The Government have accepted the recommendation of the Hon'ble the Judges and have issued orders accordingly. The proposal involves an extra expenditure of Rs. 5,054, besides the house rent for a building to be leased for the location of the additional court. Funds are available in the current year's budget to meet the cost. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate.

Explanatory Note.

Note (1).—Prior to August 1910 the permanent ministerial staff in the office of the Deputy Commissioner of Police, Traffic and Licensing, consisted of—

Actual number in 1910.	Head clerk.	Typed clerks (1000).	Lower clerks (5000).	Typist.	Shroff.
1 General ..	1	2	8 + 1 * (Temporary).	1	1
2 Taxation ..	1	2	4 + 1 * (Temporary).	1	1
Total ..	2	4	12 + 2 *	2	2

* Employed for a short period until paid to full rate normal work.

As this staff was found inadequate to cope with the work that had to be dealt with in that office, the Commissioner of Police submitted proposals for the employment of additional staff. He also requested the Government to arrange for the inspection of the office by an experienced senior officer of the Accountant General's office, with a view to suggesting a more satisfactory system of dealing with and accounting for the large amounts of money received in that office.

This was done and the recommendations made by the Deputy Accountant-General who conducted the inspection were accepted in consultation with the Commissioner of Police and the Inspector-General of Police. In view of the urgency of the matter, it was found necessary to give effect to these recommendations in the current year itself. Accordingly sanction was accorded in G.O. No. 3287, Home, dated 25th August 1910, temporarily for a period of one year in the first instance to—

(1) the formation of a separate cash section, with a staff of one cash-keeper and two shroffs, to deal with all cash and accounts matters relating to the entire office;

(2) the employment in the cash section, as and when necessary on days when there is a rush of work, of three clerks deputed from the other sections of the office, to work as additional shroffs;

(3) the amalgamation of the general and taxation sections into a single section, and the employment in the joint section of a staff of one Superintendent, one head clerk, four upper division clerks, fifteen lower division clerks and two typists; and

(4) the purchase of one Godrej safe, at a cost not exceeding Rs. 200, to keep road tax licence books, and of two automatic numbering machines, at a cost not exceeding Rs. 25, to number cheques.

This sanction involves keeping in abeyance for a period of one year one of the two posts of head clerk on Rs. 70-5/2-85-7/2-100, and the employment for a period of one year of an additional staff of one Superintendent on Rs. 100-5/2-140, one cash-keeper

on Rs. 100—4/2—120—10/2—116 and five lower division clerks on Rs. 30—2/1—45—2/4—55 each with a Presidency allowance of Rs. 6-8-0 each per annum. The additional expenditure involved is Rs. 3,376 per annum recurring and Rs. 120 non-recurring.

As the employment of the additional staff is a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year will be met from the savings within the grant.

Item (2).—Employment of additional police staff to administer the Hackney Carriage Act in the Madras City.—Prior to 11th October 1930, the police staff sanctioned to administer the Madras Hackney Carriage Act, 1911, in the Madras City consisted of 3 Sub-Inspectors of Police, 3 head constables and 3 constables. This was also the strength of the staff in 1935 when the registered number of rickshaws in the city was only 1,326. By 1939 that number had risen to 4,235. The existing staff was found inadequate to control them properly.

With a view to securing more effective control over hackney carriages, the Commissioner of Police submitted proposals to amend the Madras Hackney Carriage Act, 1911, and to strengthen the police staff sanctioned to administer the Act by 1 Sub-Inspector, 1 head constable and 4 constables. The question of amending the Act is under the consideration of the Government.

The Commissioner of Police had reported that control over hackney carriages was weakening owing to the strenuous increase in their numbers in recent years and the inadequacy of the staff sanctioned to control them, and that the employment of the additional staff asked for was an urgent necessity if the situation was to improve. The Government were minded that the police staff sanctioned to administer the Madras Hackney Carriage Act in the city required strengthening urgently, and sanctioned the employment in the hackney carriage branch of the Madras City Police, of a temporary additional staff of 1 Sub-Inspector, V grade, 1 head constable, III grade, and 4 constables for a period of one year from 1st January 1941.

The extra cost on account of this sanction is about Rs. 600 in the current year and about Rs. 4,430 for a full year. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year will be met by reappropriation from the savings within the grant.

Item (3).—In view of the death of British ex-army men for appointment as Sergeants in the Police Department, the Inspector-General of Police submitted for the consideration of the Government a scheme for the recruitment of Anglo-Indians and Indians for appointment as Sergeants in the Madras Police Subordinate Service, excluding the Madras City Police. He proposed that ten cadets should be enlisted every year, and trained with the Madras Special Police for a period of eighteen months.

The scheme submitted by the Inspector-General of Police was approved by the Government and ordered to come into force in the current financial year.

The additional expenditure anticipated in the current year on account of the pay of the cadets and costing rates is Rs. 1,200 and on account of the supply of books, periodicals, arms, ammunition, etc., for the use of the cadets, is Rs. 2,220.

As the scheme for the recruitment of Anglo-Indians and Indians as Sergeants is a new service, a token appropriation of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year will be met from the savings within the grant.

Explanatory Note.

The Tanjore Mahamaya Swamiji's Saraswati Mahal Library is endowed with a fund of a lakh of rupees vested with the Treasurer of Channarayana Madhavan, Madurai. The amount was invested in the 5 per cent Government of India loan which yielded an annual income of Rs. 3,630-0-0 till 14th July 1939 when the 34 per cent was terminated. The amount has since been converted into 34 per cent Government securities which fetch an annual income of Rs. 3,725. To tide over the financial difficulties consequent on the reduction of the annual income, the Administrative Committee of the library applied to Government for a special grant of Rs. 1,500. The Committee is unable to make any claim in spite of the fact that the Government has sanctioned a grant of Rs. 1,250 in the current year. The Government have informed the Committee that the proper course is for the institutions to raise new funds from private donations or to effect further economy in expenditures. In order to enable the institutions to adjust the expenditure to changed circumstances, they have sanctioned a single grant of Rs. 1,250 in the current year. As the expenditure is on a new service, a token sum of Rs. 500 has been included in the supplementary estimate. The balance of Rs. 1,150 will be sent from previous years' grant.

Explanatory Note.

Item 50.—The Government Victoria Canteen and Goods Hospital, Madras, was till 1st April 1930 a private institution managed by a committee of the Countess of Dufferin's Fund. From the above date the institution was taken over under Government management and it was considered convenient to continue to fill the post by a seconded member of the Women's Medical Service.

In June 1940 it was decided to give up this arrangement as fully qualified and experienced women medical officers from the Madras Medical Service were available for appointment to the post at less cost. Accordingly, a woman medical officer of the grade of civil surgeon was appointed to the post when it was vacated by the Women's Medical Service officer, Dr. (Miss) Lassarus, who had been granted two months leave from 2nd July 1940 temporarily to her transfer to another appointment under the Countess of Dufferin's Fund.

The Countess of Dufferin's Fund Council has represented that the post in question is included in the cadre of the Women's Medical Service, that it has not been possible to adjust the loss of it against the leave reserve provided for the service and that an officer has already been recruited in anticipation of the vacancy in the post. They state that it is usual for them to ask for six months' notice when a change of this kind is proposed and suggest that as the Government have paid the leave salary and allowances of Dr. (Miss) Lassarus for two months from July 1940, a grant equal to four months pay of the substitute may be made to the funds of the Women's Medical Service.

In the circumstances stated the Government have decided to sanction the payment to the funds of the Women's Medical Service of a sum of Rs. 1,200 equal to four months pay and previous fund contributions of the latest recruit to the Women's Medical Service in the current year.

As the expenditure is on a new service, a token sum of Rs. 500 has been included in the supplementary estimate. The balance of the amount, viz., Rs. 1,700 will be found by re-appropriation within the grant.

Item 50.—The Principal of the Lawrence Memorial Royal Military School has represented that the Resident Medical Officer of the school treats not only the students and staff residing in the school but also some of the residents of the locality and of the surrounding villages and has requested that a subsidy of Rs. 1,600 per annum (Rs. 400 on subsidy to the Medical Officer and Rs. 400 towards the cost of medicines) should be granted to the school on the basis of the scheme for payment of subsidies to rural medical dispensaries. The Surgeon-General has reported that besides the St. Bartholomew Hospital at Ottumund and the local fund dispensary at Rachi which are at some distance from Lovelock, there is no provision for medical aid in Lovelock, and recommends the grant of Rs. 1,000 per annum to the school authorities for rendering medical aid to the general public.

In the circumstances stated the Government have decided to sanction the payment to the authorities of the Lawrence Memorial Royal Military School, an annual subsidy of Rs. 600 towards the maintenance of the medical officer of the dispensary maintained by the school and of Rs. 200 towards the cost of medicines, with effect from 1940-1941.

As the expenditure is on a new service, a token sum of Rs. 500 has been included in the supplementary estimate. The balance of the appropriation required will be met from savings within the grant.

*Now (b).—*While carrying out leprosy survey and investigation work in the Budapest area, Dr. R. G. Cockburn, Honorary Director of the Budapest Childhood Leprosy Investigation Centre, came across a number of cases of tuberculosis. A preliminary survey of the town showed a high incidence of the disease. He suggested to the Indian Research Fund Association the necessity for undertaking an investigation into the causes of the upsurge and spread of tuberculosis in a South Indian town side by side with leprosy work and obtained a grant of Rs. 4,000 for the purpose. As this amount was found insufficient to meet the cost of the investigation in the current year, he applied to the Government for a small grant of Rs. 600 from Provincial funds to meet the balance of the amount required for expenditure. As the proposed investigation by Dr. Cockburn would greatly benefit this Province, the Surgeon-General recommended the payment of the grant asked for. The Government accordingly sanctioned the payment during 1940-1941 of a grant of Rs. 500 to Dr. Cockburn towards the cost of the tuberculosis survey and investigation undertaken at Sâdâpet. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required has been met from savings within the grant.

*Now (c).—*In December 1939, the Surgeon-General reported that the Biochemistry classes for the first batch of M.B.B.S. students of the Stanley Medical College would commence in January 1940, and that, to provide for the proper teaching of these students, the employment of an additional Professor in the Biochemistry department of the Central Institute of Anatomy, Physiology, Biochemistry and Organic Chemistry, Medical College, Madras, was necessary. The proposal for the employment of an additional Professor of Biochemistry was sanctioned with effect from 1st July 1940.

As the employment of the additional Professor is a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required will be met from the savings within the grant.

Explanatory Note.

The Court of Enquiry which arose into the disputes between labourers and employers in the textile mills in Coimbatore suggested the formation of co-operative societies for labourers to cater for their credit needs, to purchase wholesale their requirements, etc. The Registrar of Co-operative Societies and the Commissioner of Labour were consulted on the suggestion. It was considered that a society should be formed for a compact group of

three or four mills in the first instance. The managements of the mills were prepared to render financial help to any society which might be formed by way of loans or shares to carry on its business in the initial stages but wanted the Government to meet the cost of a junior inspector of co-operative societies required to manage the society. The Government have accordingly sanctioned the creation of one post of junior inspector of co-operative societies for a period of six months from the date of employment for performing the duties of secretary to the society to be formed and have informed the Registrar that every effort should be made to see that the services of the inspector are dispensed with at the end of the period. The expenditure involved in the appointment of the junior inspector of co-operative societies for six months is Rs. 300. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of appropriation required in the current year will be met by appropriations from the savings within the grant.

Explanatory Note.

The Madras Children's Aid Society maintains two certified schools (one senior and the other junior) for girls, located in the buildings called "The Retreat" in the Purnamashan High Road. The buildings belong to Government and they have been placed at the disposal of the society subject to the condition that in the case of new works and improvements to the existing buildings, the present practice of the Government meeting the expenditure after their sanction is obtained, will continue and that the Madras Children's Aid Society should meet all the ordinary repairs and maintenance charges for the buildings. In December 1934, the Chief Inspector of Certified Schools reported that the accommodation for the school girls in "The Retreat" was not satisfactory and proposed a comprehensive scheme for the construction of six cottages to accommodate 12 girls in each. He, however, stated that, in view of the financial stringency, it would be sufficient if the construction of one cottage was immediately sanctioned. Orders were accordingly issued in March 1935 approving an expenditure of Rs. 8,650 on the construction of a cottage to accommodate 12 girls. As the accommodation in "The Retreat" was still found insufficient the construction of two more cottages at a total cost of Rs. 17,300 was sanctioned in the years 1936 and 1937.

In 1935, the Secretary to the Children's Aid Society represented that accommodations in "The Retreat" were found unsatisfactory and that the dorm rooms had to be used as dormitories—an arrangement which was unsatisfactory. On the recommendation of the Chief Inspector the Government approved of the construction of a fourth cottage in "The Retreat" at a cost of Rs. 9,500. The work was to be executed when funds became available. In February last the Chief Inspector submitted a revised estimate for the work amounting to Rs. 12,500 and requested sanction to take it up during 1943-1944. The excess of Rs. 3,000 over the original estimate for the work was stated to be mainly due to the provision for special foundations to guard against the treacherous nature of the soil. The Chief Inspector stated that in the interests of the health of the children in "The Retreat" more accommodation was absolutely necessary and urgently required. At the last annual meeting of the Madras Children's Aid Society the need for a fourth cottage in "The Retreat" was pressed on the attention of His Excellency the Governor. In the circumstances, it was considered necessary to take up the construction of a fourth cottage in "The Retreat" to accommodate 12 girls at a cost of Rs. 12,500 in the current year and orders were issued authorizing the Chief Engineer to proceed with the work.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the amount required for expenditure in the current year, viz., Rs. 9,500, will be met from the savings within the grant.

Explanatory Note.

Item (1).—The Government have sanctioned an expenditure of Rs. 7,50,000 for the construction of buildings for the Headquarters Hospital at Technopoly on the Puthur Midden. A provision of Rs. 60,000 for the work has been made in the budget estimates for 1943-1944. A supervisor and a peon have also been sanctioned from 1st October 1943 to supervise the work. Having regard to the urgency of the work, it is proposed to accelerate the pace of the construction. A monthly average expenditure of Rs. 15,000 will, it is expected, be incurred during the current year. The Superintending Engineer reports that contractors have already been selected and that the work on the foundations will start immediately. To pay adequate attention to the work and make rapid

program, the Chief Engineer reported that a special Subdivision with the additional staff mentioned in the margin, in addition to the Supervisor and four already sanctioned was quite necessary from 1st November 1940. In view of the urgency of the matter, orders sanctioning the employment of the staff have been issued.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of expenditure in the current year will be met by reappropriation.

Item 12b.—Prior to May 1940 the execution of port and marine works was under the sole charge of an Assistant Engineer attached to the Presidency Port Officer. This arrangement was not found satisfactory. Delays were noticed in the matter of the execution of the works, the same works being repeated in successive budgets in several years. As several improvements have to be effected in the near future to the minor ports, it has been found necessary to quicken the pace so that the works may be taken up and completed as soon as possible. The Chief Engineer (General, Buildings and Roads), who was consulted in the matter, suggested that the best course would be to form a special division under his control for the planning, estimating and execution of all the Port departmental works (including petty works now in charge of Port Officer). The Presidency Port Officer agreed to the Chief Engineer's suggestion.

The Government approved the revised arrangements proposed by the Chief Engineer and sanctioned the formation of a special division for marine works for a period of one year with the following establishment—

- 1 Executive Engineer,
- 2 Assistant Engineer,
- 4 Supervisors,
- 1 Divisional Accountant and Manager,
- 1 Upper division clerk,
- 1 Lower division clerk,
- 1 Typist,
- 2 Draughtsmen, and
- 14 Peons.

The Government also sanctioned two more lower division clerks for three months for the two marine subdivisions. The headquarters of the division were to be at Madras. In actual working, however, the arrangement did not prove satisfactory. Government have, therefore, ordered that the marine division be attached to the Presidency Port Officer as before. So long as the division was under the control of the Chief Engineer, Public Works department the staff was treated as a temporary addition to the respective cadres of the Public Works Department and the cost debited to "St. Civil Works—a. Establishment and Tools and Plant" in the first instance. The gross sanctioned cost of the establishment together with the prescribed leave and pensionary contributions will be debited to the Minor Ports Fund. Further, 2 per cent of the cost of works executed for "division" by Superintending Engineers and the Chief Engineer and 1½ per cent on the cost of works executed for pensionary charges will also be debited to the Minor Ports Fund. Though the cost of the special division is ultimately recovered from the Minor Ports Fund, the expenditure is on a new service and a token sum of Rs. 100 is included in the supplementary estimate.

The special marine division with its staff has since been retransferred to the Presidency Port Officer.

Explanatory Note

Notes (1) and (3).—In April 1940 the Chief Engineer for Electricity brought to notice that the work in the Central Office of the Pyralis Electricity System at Combarbura was in a state of congestion on account of inadequate staff and submitted proposals for employment of additional staff in the different sections of the office such as the General Section, Revenue Section, Commercial Accounts Section, etc. He asked for an additional staff of 1 Senior Accountant, 1 Junior Engineer, 1 Cashier, 4 Accountants, 11 grade 1 clerk, upper division, 16 clerks, lower division, 1 typist, 1 stenographer and 1 stock verifier. The proposals were examined in detail. In view of the state of work in the Central Office at Combarbura and in view of the urgency of the demand, the following staff was sanctioned in July 1940 for employment up to 31st March 1941, except where otherwise specified:—

General section	1	1	Accountant, 2 grade.
Business section	1	1	Upper division clerk and four lower division clerks.
Commercial Accounts section	1	1	Lower division clerk
State Paying section	1	1	Lower division clerk for six months.
Cash section	1	1	Cashier in charge of the upper division clerk.
Routing section	1	1	Lower division clerk
St.	1	1	Assistant

In August 1940 the Chief Engineer pressed for the employment of a stock verifier which was one of the items of staff dwindled in July 1938. He stated that the stock verifier should be attached to his office and that the intention was to employ him in all systems; but that the Pyralis System would demand most of his time. A stock verifier as Rs. 70-80 was sanctioned in September 1939 for employment up to 31st March 1941 the post being attached to the office of the Chief Engineer for Electricity.

The expenditure on account of the additional staff sanctioned for the Central Office at Comblators is about Rs. 3,700 in the current year and the expenditure on account of the staff under sanctioned for the office of the Chief Engineer for Electricity is about Rs. 690 in the current year and the expenditure is on a new service. Thus for both the items a sum of Rs. 4,390 is required and this amount has been included in the supplementary estimate.

Item (6).—In January 1940, the Chief Engineer for Electricity reported that the Vellore Division of the Madras Electricity system was then organised into three groups, two of which, viz., Turapattur and Tiruvannamalai, were under the control of Assistant Engineers while the third was under the direct charge of the Divisional Electrical Engineer, Vellore, that the Division was already serving a large area, that the work would grow heavier with the operation of new extensions, and that the second scheme could not be efficiently managed or properly developed unless the Divisional Engineer was relieved of the direct charge of the area then allotted to him. It was accordingly proposed to constitute a new subdivision called the Vellore Subdivision under the charge of an Assistant Engineer. For this purpose the Chief Engineer requested sanction immediately for the employment of an Assistant Engineer (Electrical) with two posts under him.

In view of the urgency of the demand, the employment of the staff has been sanctioned temporarily for one year from date of appointment. The expenditure involved is about Rs. 4,074 per annum. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of appropriation required in the current year will be met by reappropriation from the savings within the grant.

			Total ..		100

Explanatory Note.

Item (1).—In recent years certain members of the Madras Legislative Assembly have been agitating for the extension of facilities for military training in the Presidency and for the greater association of suitable young men with military service. To meet this demand, the Government wished to obtain for the Presidency some more battalions of the Indian Territorial Force and a representation was accordingly made to the Government of India on the subject. This representation was successful and the Government of India sanctioned the formation of a new Provincial unit of the Indian Territorial Force which is called the 15th Madras

batallion. The batallion was raised on the 3rd December 1898. The President of the Advisory Committee for the batallion, (the Collector, C. & M. Stokes, Bangalore) reported to this Government that the unit had had to incur an expenditure of Rs. 1,200 on setting up the officers' mess and suggested that this Government might make some contribution towards this initial expenditure. In view of the Government's interest in the formation of this batallion and their desire to encourage Madras to undergo military training, they decided to sanction a grant of Rs. 600 for the purpose from Provincial funds. This has been sanctioned accordingly.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of appropriation required will be met by reappropriation from the savings within the grant.

Item 62.—As the Secretary of the Government of India, the Madras Government sanctioned the creation in August 1900 of a temporary post of Special Officer to complete the Air Road Protection Scheme for Madras City and Port and to carry out such projects as might be necessary and possible. Mr. G. H. Chertsey of the Indian Police who was selected for the appointment entered on his duties on 16th August 1900. Besides his pay in the regular line, viz., Rs. 1,425, a special pay of Rs. 100 per mensem, a conveyance allowance of Rs. 100 per mensem and a house rent allowance of Rs. 50 per mensem have been sanctioned for him. His office staff consists of 1 lower division clerk, 1 stenographer, 1 peon and 2 orderlies. The Government have also sanctioned a temporary staff of 1 sergeant, 1 sub-inspector of police and 6 head constables as Air Road Protection staff for the City.

It is proposed to recover from the Government of India the expenditure on account of the pay and allowances of the Special Officer and staff and also other charges connected with the scheme, and there will be no net expenditure from Provincial resources. The expenditure is now debited to "St. Miscellaneous—Expenditure on Air Road Protection" and recoveries from the Government of India will be taken in reduction of charges under the same head.

As the proposal involved the appointment of a gazetted officer and the expenditure on account of additional establishment cannot be more than Rs. 2,500 per annum, the expenditure is treated as a new service. A token sum of Rs. 100 has been included in the supplementary estimate.

(12) GRANT XXXVII—INTEREST-FREE ADVANCES.

Explanatory Note.

In July 1938 the Superintendent, Government Press, reported that a Division of the St. John Ambulance Brigade consisting of over 40 members had been started in the Government Press, Madras. He also stated that the majority of the members of the Division were poorly paid employees such as cryologists on Rs. 15-19 and that several of them were not in a position to equip themselves with shoes and stockings before the time appointed for the annual inspection of the Division. He therefore requested Government to sanction an interest-free advance of pay not exceeding Rs. 5-8-0 to each member of the Division who required such an advance and to recover the same in instalments of Rs. 1 each per month. He estimated the total amount of advance required for the purpose at Rs. 104.

The grant of advances to employees of the Government Press who are members of the St. John Ambulance Brigade Division, is a new service and a provision of Rs. 200 has been included in the supplementary estimate.

Explanatory Note.

Mr. W. H. Jack, I.C.S., one of the junior civilians who arrived this year, has been granted a special advance of Rs. 1,500, bearing interest at 5½ per cent per annum, to enable him to meet the cost of passage to India of his wife who is reported to be alone in England. The advance has to be treated as a new service, as similar advances have not been given in the past. A token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year will be met from the savings within the grant.

I.

In Chapter IV (Office) of the University Code, Volume I (1930-41), section 10 is amended by inserting No. 40, and the following Note at the end of the section:—

"Name—Dr. V. S. Krishna who was appointed Registrar with effect from 1st April 1940 shall be placed in the above note from the date of his appointment."

II.

(1) In Chapter X (Schools of Studies), section 1, substitute the following for "as follows:—

"a. Botany,
b. Zoology,
c. Chemistry."

and renumber the rest.

(2) In the same chapter, section 5, substitute "and" for "or" in the second covering between the words "English" and "Sanskrit" and delete the words "and Natural Science" occurring after the word "Sanskrit" in lines 11 and 12 on page 50 of the Code, Volume I.

III

Insert the following at the end of Chapter X (Board of Studies), page 35 of Volume I of the Code—

1. Add the following as a sub-paragraph to section 2—

"All the Board of Studies shall convene at least once in the last week of July each year."

II Insert the following as sections 6, 7, 8 and 9 at the end—

Proceedings of meetings.

"6. Any member of the Board of Studies wishing to move a resolution at his own initiative or on the motion of the speaker or upon fresh proposals at the meeting shall forward a copy of the same to the Chairman so as to reach him not less than five days before the date of meeting."

7. The Chairman of the Board, or in his absence a member chosen from among themselves by those present, shall take the Chair and conduct the proceedings."

8. Every resolution of the Board as it is moved should be written down by the Chairman of the meeting and read out at the Board's meeting and of the minutes may be written by the Chairman after the meeting and circulated in duplicate for signatures."

9. It shall be open to members to submit dissenting minutes when they consider it necessary and these shall be forwarded to the Registrar by the Chairman with his observations."

10. The Chairman of the meeting should send to the Registrar a copy of the minutes as approved at the meeting with minutes of dissent, if any, within ten days after the date of the meeting."

11. If any member has reason to believe that the minutes are not correctly recorded, he shall write to the Chairman and send a copy of the same to the Registrar within ten days after the dispatch of the minutes to him."

IV

In Chapter XX (President Fund) of the University, Volume I (page 249)—

(1) Delete section after "placed" in line 5 of paragraph 3 of section 2 and add the following between the words "submitted" and "shall" in the same line—

"or who applies for an appointment elsewhere without previous permission of the Vice-Chancellor and with the sanction of the University in contravention of the rules prescribed by the Syndicate in this behalf."

(2) Delete "a" in "interim" in the fifth line of the same portion.

Annamalaiyar, N. VISWANATHAN,
12th January 1944. Registrar.

6. Applicants for Middle and High Schoolships must not have received 14 and 16 years of age respectively on 31st December 1910.

1. Sponsorships are awarded only to new pupils and not to transfers and some pupils even are in receipt of boarding or any other grant under the same. If a sponsorship is applied for for a pupil, no other grant should be applied for on his or her behalf. Conversely, no application for scholarship should be made if application is to be made on his or her behalf for any other grant.

4. In G.O. No. 422, Law (Kazantsev), dated 15th April 1931, Governments have ordered that contributions by peasants should be paid only for nine months in the year. The contribution will therefore be paid for the months of January, February and March. They will be suspended from 1st April to 31st November each year.

8. Applications in the appended form (manuscript form may be used) should be submitted through or by the Correspondence of the school in which the applicant is residing as to reach the undersigned by 15th March 1964. Applications received after that date will not be considered.

Amendment to the rules regulating the payment of passages to the Harbour Master and the Assistant Harbour Master in the service of the Board.

No. 2-3-10 resolution of the powers conferred by section 50 of the Madras Port Trust Act, 1900 (Madras Act II of 1900), the Madras Port Trust Board hereby makes, with the approval of the General Government, the following amendment to the rules regarding the payment of passages to the Harbour Master and Assistant Harbour Master in the service of the said Trust, published with the notification of the Government of Madras in the Madras (General) Department, No. 25, dated the 26th January 1900, namely:—

The rule 1 of the said rules, the following rule shall be substituted, namely:—

"1 (1) These rules shall apply to every Harbour Master or Assistant Harbour Master in the service of the Board:—

(a) who on the 1st January 1910 held substantively a permanent post of Harbour Master or Assistant Harbour Master, or who was in the service of the Board on the said date and was promoted subsequently to hold substantively the post of Harbour Master or Assistant Harbour Master, and who on the date of his appointment or promotion had his domicile elsewhere (not in Asia);

(b) who after the 1st January 1910 holds substantively a permanent post of Harbour Master or Assistant Harbour Master, not being an officer mentioned in clause (a) above, and who is of Indian domicile, provided he was specially recruited in Europe for a particular post; and

(c) who after the 1st January 1910 holds substantively a permanent post of Harbour Master or Assistant Harbour Master not being an officer mentioned in clause (a) above, and who is of non-Indian domicile, and who was recruited in India, provided his previous domicile at the time of his appointment was due to the fact that he was engaged on other work in India; and

(d) he was enjoying benefits similar to those granted under these rules, and

(2) it is proved that had the particular officer had been taken, it would have been necessary to detail another officer in Europe.

NOTE.—A Harbour Master or Deputy Harbour Master of any other port who is in the service of the Board on the 1st January 1910, and who is of Indian domicile, shall be deemed to have been recruited in India.

(3) These rules shall be deemed to have come into force on the 1st January 1910.

L.A. Bill No. 1 OF 1941—Income Tax (Temporary Reduction) 2

REVENUE
Income Tax (Temporary Reduction) Bill—Enacted for the whole of British India, Madras, Mysore, and the Nizam's State.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 12 of the Indian Legislative Rules.

GOVERNMENT OF INDIA. LEGISLATIVE ASSEMBLY DEPARTMENT. NOTIFICATION.

New Delhi, the 20th January 1941.

No. F-106-1741-A.—Under rule 12 of the Indian Legislative Rules, the Government-General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and the Statement of Objects and Reasons are accordingly published for general information:—

L.A. BILL No. 1 OF 1941.

A Bill to provide for the reduction temporarily of the amount payable as *instalments* of the tax to be deducted by an *employer* under section 7 of the Income Tax Act, 1922.

Whereas, in consequence of conditions arising out of the present war, it is expedient to provide for the reduction temporarily of the amount payable as *instalments* of the tax to be deducted by an *employer* under section 7 of the Income Tax Act, 1922, it is hereby enacted as follows:—

1. (1) This Act may be called the Income Tax (Temporary Reduction) Act, 1941.

(2) It extends to the whole of British India,

short title and extent.

III-24

IV of 1939. (4) If while section 3 continues to have effect an insurer ceases to be any insurer under sub-section (1) of section 5 to be entitled to the benefits of that Act, instalments of deposit in that year shall be paid by him in accordance with the provisions of section 7 of the Insurance Act, 1938, except that he shall not be required to pay as an instalment an amount exceeding the amount which would have been payable by him had he not avoided himself of the provisions of that Act, and the provisions of sub-section (2) of this section shall apply to the payment by such insurer of any balance of the deposit due from him which remains unpaid after the last instalment required to be paid under the said section 7 has been paid.

IV of 1939. 5. For the purposes of the Insurance Act, 1938, an insurer entitled to the benefits of that Act who has failed to pay before the 31st day of January 1941, an instalment of deposit due to the year 1939 shall not be liable to any consequences on that account in respect of a failure to comply with the provisions of section 7 of the said Act as to deposits of before the 31st day of February 1941, he has paid as such instalment not less than one half the total amount required by the said section 7.

6. If any difficulty arises in determining the amount payable as instalment of deposit by an insurer under this Act, the matter shall be decided by the Central Government whose decision shall be final.

STATEMENT OF OBJECTS AND REASONS.

As a result of falling business and dropping of policies due to war conditions, those young proprietary insurance companies whose business is relatively small are finding it difficult to pay the fixed amounts of the prescribed instalments of the deposits required by the Insurance Act, 1938, and are therefore in need of some relief. The object of this Bill is to relieve by the provision of the war and one year afterwards the instalments of deposits due from such insurance companies carrying on the insurance business only, subject to the provision of certain safeguards to prevent advantage being taken of the opportunity to incur increased expenditure or liabilities at an unreasonable amount.
